

PART NUMBER

EXH020

DESCRIPTION

RENAULT CLIO EXHAUST MOUNT

INSTALLATION GUIDE

Product description:

This part replaces the original rubber bush in bracket OE number: 7700424339.

Contents (parts per pack):

1 x Polyurethane Exhaust Mount

Please read the complete fitting instructions and check package components before fitment. These fitting instructions are to be used as a guide and in conjunction with workshop manual.

It is recommended that:

- all work to be carried out by a licensed technician;*
 - all safety precautions adhered to;*
 - wheel alignment to be checked and adjusted as required after any suspension work.*
- All fasteners must be tensioned to manufacturer's torque settings.*

Fitting Instructions:

1. Remove the original rubber bush from the exhaust mounting bracket using a hacksaw or sharp knife, clean any dirt and corrosion from the bore in the arm.
2. Push the new polyurethane exhaust mount into the bracket, making note of its correct orientation. We recommend using a G clamp to push in the exhaust mount.

Although you can remove the bracket from the car to make the procedure easier, it should be possible to fit the bush with the bracket remaining on the vehicle.
