GP-T SUIT

AUTO RACING APPAREL

SIZE: 44-60 EUR

Ultra-lightweight dual layer racing suit engineered to combine comfort, breathability and safety. The GP-T is constructed with high quality safety materials and cutting edge design for a clean look and precise fit.

Complies with the **FIA 8856-2000** homologation standard.

Construction

- Dual layer Nomex® construction for lightweight safety performance.
- Mesh Nomex® lining.
- Lumbar area made from stretch Preox® for improved flexibility and expansion while seated in the driving position.
- Shoulder epaulettes with clean, single panel wrap around design.

Comfort

- Developed with a slightly more relaxed fit to better adapt to any body shape.
- Adjustable collar for snug, tailored fit.
- Ribbed wrist and ankle cuffs.
