TECH 1-Z GLOVE

SIZE: S-2XL

AUTO RACING GLOVES

The Tech 1-Z Glove draws on technical expertise from Alpinestars racing program to deliver supreme comfort, durability and performance. Constructed from Nomex®, the glove features ergonomically padded Pittards® leather inserts for optimum grip and feel.

Complies with the FIA 8856-2000 homologation standard.

Advanced materials

- Innovative Nomex® and flame resistant cotton lined construction ensures high levels of protection against flame and heat while providing superior levels of comfort and feel.
- Temperature sensitive lining enables better equalization of body heat for a comfortable, dry feel.
- Ergonomically positioned Pittards® leather patches on the palm and fingers are backed with memory foam for enhanced grip and shock/vibration absorption.
- Knuckle padded with a thin layer of energy absorbing foam to protect against impacts.

Ergonomic design

- Pre-curved finger and palm design aids fit while reducing material bunching when gripping the controls.
- Palm features a 'slash dot' pattern treatment for improved feel and grip.
- Reinforced cross-stitching on the finger fourchettes prevents excessive material twisting when driving.
- Straight-cut cuff features an easy to use Velcro® wrist closure strap.
