TECH 1-ZX GLOVE

SIZE: S-2XL

AUTO RACING GLOVES

The Alpinestars Tech 1-ZX glove features an innovative Nomex® construction for minimal seam stitching and panels to reduce material encumbrance, while pre-curved fingers and strategically placed Pittards® leather patches combine to provide the ultimate in feel, comfort and grip.

Complies with the FIA 8856-2000 homologation standard

Construction

- Innovative Nomex® construction featuring external seams for maximum driver comfort and feel.
- Ergonomic fit and pre-curved fingers for superior comfort and reduced fatigue.
- Thumb construction is supremely comfortable and features sophisticated joint stitching pattern to reduce interference and improve feel.

Engineered racing design

- Strategically positioned textured Pittards® leather patches and silicone printing provide maximum feel, grip and impact resistance.
- Fire retardant cotton liner keeps the hands comfortable and dry over a wide range of temperatures.
- Finger fourchette cross stitching reinforces the glove and prevents twisting.
- Alpinestars exclusive cuff opening design for easy fitment.
- Velcro® wrist closure for secure fit.
